LED Illuminated Magnifiers

Get high-quality illumination and long life with energy-saving LED bulbs

– Dimming control, with memory, provides precision light intensity adjustment
– ESD safe for static-sensitive areas

Magnifiers feature LED illumination for low-power consumption and long bulb life. The twelve 2-watt LED arrays provide excellent, uniform lighting. Control the light intensity with the precision dimming control. Six preprogrammed directional light adjustments allow for full intensity or contrast light capability. Operate on 100 to 240 VAC.

What's included: 6-ft (1.8-m) power cord with three-prong plug.
